

Container mounting 8, black

Reference: BB-8

Material: PA-GF
Color: black
m = 3.0 g

With the container mounting 8, black, small parts containers with a wall thickness of up to 5 mm can be mounted between two profiles. The component can be used in combination with all series 8 profiles. It is fixed to the profile groove by a quarter turn. The container mounting is easy to install without additional processing and can be used flexibly.
