

Standard-fastening set 6, galvanized

Reference: ZP6-SZ

Consists of:

Standard connecting plate 6, St, galvanized

Button-head screw ISO 7380-M6x14, St,
galvanized

Material: St

Surface: galvanized

M = 10 Nm

m = 10.5 g

Standard-fasteners enable heavy-duty, right-angled and friction-locked connections. The standard fastener ensures a optimum force transmission and secures the connection against twisting. For assembly a supply hole and a tapped hole in the core hole are required. The special design of the connector breaks the anodized layer and creates a electrically conductive connection.
