DATA SHEET

Standard-fastener 8, galvanized

Reference: ZP8

Material: St

Surface: galvanized

Telefon: +49 84 63 603 63-0

Fax: +49 84 63 603 63-11

M = 25 Nmm = 11.0 g

Standard-fasteners enable heavy-duty, right-angled and friction-locked connections. The standard fastener ensures a optimum force transmission and secures the connection against twisting. For assembly a supply hole $D=7.0\,\mathrm{mm}$ and a tapped hole M8 in the core hole are required. The drilling dimension for the required hole is 20.0 mm from the outside of the profile edge.
