

Standard-fastener 8 without nose

Reference: ZP8-ON-SZ

Consists of:
Connector plate 8
Button-head screw ISO 7380-M8x18
Material: St
Surface: galvanized
M = 25 Nm
m = 5.5 g

Standard-fasteners enable heavy-duty, right-angled and friction-locked connections. The standard fastener ensures a optimum force transmission and high strength. The variant without anti-twist locks enables the connection of two intersecting profiles. For assembly a supply hole and a T-slot 8 St M8 are required. A suitable fastening screw HS-M8x18 is included in the scope of delivery.
