Oil- and water resistant Hardness: 80 Sh A Material: NBR

Color: black Length: 20 m m = 210.0 g/m

The cover profile 8 32x4, black is an elastic cover for the profile groove. It can also be used as a non-slip support and as a stop, e.g. for sliding doors. The component is oil and water resistant and can be used in combination with all profiles of series 8. It is mounted by pressing it into the profile groove.
