

T-slot nut F 8 St M6 with guiding ridge

Reference: NS-F8-M6-STEg

Consists of:

T-slot nut F 8 St M6 with guiding ridge

Threaded pin DIN 916-M6x6

Material: St

Surface: galvanized

m = 12.5 g

The T-slot nut F creates a conductive connection between the screw-on point and the profile. In addition, the T-slot nut F remains in a fixed position by tightening the integrated threaded pin.
