

Parts container 8 105x154x50, grey

Reference: GS8-105x154x50-G

Material: PA-GF

Color: traffic grey similar to RAL 7042

m = 127.0 g

The parts container 8 105x154x50 is used to provide small parts. The parts container can be hooked quickly and safely by swivelling it into the profile groove 8. It can be moved along the profile groove at any time. An integrated viewing window in the rear panel also allows labelling fields to be inserted.
