

Parts container 8 110x295x40, black

Reference: GS8-110x295x40-S

Material: PA-GF

Color: black

m = 236.5 g

The parts container 8 110x295x40 is used to provide small parts. An integrated gripper tongue enables the stored components to be separated. In addition, a viewing window offers the possibility of inserting labelling fields. It is attached to the profile groove using [Parts container adapter 8, black](#). The adapter provides the option of quickly and easily exchanging the parts container and swivelling them +/- 45°.
