2 T-slot nuts 8 St M8 with guiding ridge,
galvanized

Material: St

Surface: galvanized

m = 299.0 g

The stacking guide 8 St 80x80-30° is a stable centring aid for boxes and pallets. Stacking guides compensate for positioning errors when being set down by a forklift truck and ensure a secure hold. Two stacking guides are usually used per corner for centring. A mounting set designed for profile groove 8 is included.
