DATA SHEET

Hinge 8 80x40 - 180°

Reference: G8-80x40-180

Consists of:

Hinge 8 80x40 - 180°, GD-AI, white aluminum painted

4 Fixings, GD-Zn, galvanized

Telefon: +49 84 63 603 63-0

Fax: +49 84 63 603 63-11

Load: $F_{max} = 150 \text{ N}$

m = 383.0 g

The hinge 8 80x40-180° is suitable for assembling rotatable cantilevers that need to hold their selected position reliably and still be easy to move. For fastening to a profile groove 8, the additionally orderable <u>fastening set for hinge 8 80x40 - 180°</u> is recommended. This ensures greater safety by means of a double screw connection. The groove fixings included in the scope of delivery of the hinges provide additionally protection against twisting. The hinge 8 80x40-180° is designed for a maximum load of 150 N. The leverage effect must also be taken into account.
