

Tapping screw DIN 7981 St 4,2x9,5,  
galvanized

Reference: BS-4,2x9,5-VZ

Standard part according to DIN 7981

Material: St

Surface: galvanized

m = 128.5 g/100

Tapping screws are often used to fasten conduit caps. At the same time, an electrically conductive connection can be established between the base and cover profiles of cable ducts by a self-tapping screw.
