

Lid profile D40 E (cut)

Reference: DP-D40-E-Z

Material: Aluminum, EN AW 6063 T66

Surface: anodized, A6, C0

Color: natural color

$A = 1.13 \text{ cm}^2$

Cut max.: 3000 mm

Saw Cut Type B

$m = 0.31 \text{ kg/m}$

Lid profiles of variant E are used to close conduit profiles of design E or SE and modular cable trunking consisting of wall and support profiles. The lid profiles snap into the trunking profile and can be opened at any time using a screwdriver. Additional tapping screws can be inserted in the scribed line to secure lid profiles. The use of these locking screws also creates a conductive connection.
