

Angle bracket 40x40 Zn, black

Order number: W8-40x40-ZN-S

Color: similar RAL 9005

Surface: matt varnished

m = 104,5 g

The angle bracket 8 40x40 Zn, black enables a force-locked connection without processing. The angle Zn can be used as additional reinforcement of connections and as a fastening element for various attachments. The angle has integrated anti-twist devices for fixing in the slot, which can be removed if necessary. The black variant is optically aligned with black anodized profiles. Furthermore the matte black paint reduces reflections, especially when using camera systems.
