

Retaining cord D6, grey (20 meters)

Reference: DS-D6-R20

Material: NBR

Color: grey

Length: 20 m

m = 10.0 g/m

The retaining cord D6, grey is used in combination with frame profiles 8 40x20. Installed panel elements are fixed rattle-free after the installation of a frame by pressing in the retaining cord D6. For easier installation of the lip seal, it is recommended to wet it with soapy water.
