

Polycarbonate 5 mm smoke colored (cut) Reference: FE-PC-5-RF-Z

Thickness: 5.0 mm, +/-5%
Material: PC
Color: smoke colored
Cut max.: 3020 x 2020 mm
Cut: DL-S-FE
m = 6.0 kg/m²

Polycarbonate is particularly impact-resistant and unbreakable. It is mainly used for protective cladding and robot enclosures. Polycarbonate offers the highest level of protection for man and machine and can even withstand rapidly rotating movements. Connection processing like drillings, apertures or radii are possible on request.
