

Angle bracket 40 Al, bright set

Reference: W8-40-AL-B-SZ

Consists of:

Angle bracket 40 Al, bright

2 Button-head screws M8x16 with flange, St, galvanized

2 T-slot nuts 8 St M8 with guiding ridge, galvanized

m = 70.5 g

The angle bracket 8 40 AL enables a force-locked connection without machining. The angle AL can be used as additional reinforcement of connections and as a fastening element for various attachments. The angle bracket has integrated anti-twist locks for fixing in the groove, which can be removed if necessary. The component is suitable for light and medium loads. The mounting kit is included. If necessary, a separately orderable bracket angle cap can be mounted.
