

Magnetic holder 8, grey

Reference: MH8

Consists of:

Housing, PA-GF, grey similar to RAL 7042

2 magnets, nickel-plated

2 countersunk screws M3, St, galvanized

2 square nuts M3, St, galvanized

Load: Holding power $F = 20 \text{ N}$

$m = 13.5 \text{ g}$

The magnetic holder 8 is suitable for attaching metallic items such as pliers or wrenches. Your tools thus have a safe storage place and are tidied up in no time. The magnetic holder can be inserted in all series 8 profile slots. It is fixed by screwing in the pre-assembled fastening screws and does not require any additional processing.
