

Tube Clamp D30, grey

Order number: KSCH-D30-G

Material: PA-GF

Color: grey, similar to RAL 7042

m = 7,5 g

The tube clamp D30 enables a simple mounting of panels and lightweight attachments. The clamp can be clipped onto a tube D30 or profile tube D30 from the outside. A standard hexagon nut M5 can be used to screw the clamp to surfaces. The screw M5 (length) required for fixing is calculated from the plate thickness S + 10 mm.
