

Roller Conveyor Al, Fastening Bracket D30 with Stop H43

Reference: RS8-AL-AN-D30-MA

Consists of:

Castor conveyor Al fixture D30 with stop H43,
St, galvanized

Button-head screw self-drilling DIN 7504
3,9x16, St galvanized

Cap screw M5x14, St, galvanized

Washer M5, St, galvanized

T-slot nut 8 StM5, galvanized

m = 205.5 g

The roller conveyor Al fastening bracket D30 with stop offers the possibility of attaching castor rails 8 40x40 at any angle to racks made of profile tubes D30. This variant also works as suspension and stop H = 43 mm at the same time. With the help of the stop, transport goods or workpiece containers are stopped automatically at the end of the conveyor line. The fastening bracket can be fixed and secured with included drilling screws. Furthermore, a fitting fastening set M5 is included to assemble the fastening bracket at the castor rails.
