

Automatic-fastening set 5 double 20, galvanized

Order number: SS5-D20-SZ

Consisting of:

2 Cutting sleeves 5, galvanized

2 Cap screws M4x30, St, galvanized

T-slot nut 5 St 2xM4-20, galvanized

M = 2,5 Nm

m = 18,0 g

Automatic fasteners are force locked connections with the option of retrofitting and moving profiles. No additional processing is required to install the fastener. Using a leftdrilling hand drill, the connector sleeves are screwed into the face of a profile groove. The thread is self-tapping. It is recommended to use self-tapping screws in pairs. By using the double variant, the installation time is significantly minimized.
