

## Cable clamp 8, black

Reference: KK-8

Material: PA-GF

Color: black

m = 1.7 g

With the cable clamps 8, black cables, wires and hoses up to 8 mm in diameter can be fastened easily and securely. They are installed without additional fastening material by a quarter turn in the profile groove. Just screw the cable clamp into the profile groove and press in the cable, this is the quickest way to lay cables and hoses.
