

Conduit cap 60x60, black

Reference: KA6-60x60

Material: PA-GF

Color: black

m = 8.0 g

Conduit caps are used as a lateral closure of ducts. The caps provide an improved appearance, help to avoid cuts and prevent the ingress of dirt. Conduit caps are easy and quick to install and deburring of the profile cut surfaces is no longer necessary. Recommended screws for fastening the conduit caps: Tapping screw DIN 7981 3,5x6,5. Furthermore the use of self-tapping screws ensures an electrically conductive connection.
