

Castor D125 fixed with mounting plate 140x110

Reference: BR-D125-140x110

Tires TPU, 94 Sh A, grey
Load capacity: 250 kg/castor
Material: Steel sheet housing
Surface: galvanized
m = 0.90 kg

The castor D125 fixed, with mounting plate 140x110 is a high-quality, medium-duty transport castor with ball bearings. The roller housing and the integrated mounting plate are made of galvanized steel. The maximum screw size for fixing at the profile groove is M10. The TPU tread is non-marking and resistant to most environmental influences. For easier installation, an additional orderable [castor adapter plate](#) is available. The load capacity of the medium-duty version is 250 kg/roller.
