

Parts container 8 110x105, black

Reference: GS8-110x105

Consists of:

Parts container 8 110x105, PA-GF, black

Button-head screw M5x12, galvanized

T-slot nut 8 Zn M5, galvanized

m = 102.0 g

The parts container 8 is used for the supply of various small parts. It can be attached to all series 8 profile grooves by the suspension bracket on the rear side. The supplied fastening set prevents the parts container from unintentionally loosening or moving.
