

Parts container 8 210x105, black

Reference: GS8-210x105

Consists of:

Parts container 8 210x105, PA-GF, black
2 Button-head screws M5x12, galvanized
2 T-slot nuts 8 Zn M5, galvanized
m = 181.0 g

The parts container 8 is used for the supply of various small parts. It can be attached to all series 8 profile grooves by the suspension bracket on the rear side. The supplied fastening set prevents the parts container from unintentionally loosening or moving.
