

DATA SHEET

Uni block 8 PA M6, black

Reference: UB-8-PA-M6

Consists of:
Base body PA-GF, black
Square nut M6, St, galvanized
 $m = 11.0 \text{ g}$

Uni blocks enable reliable fastening of any surface element to the profile groove. Uni blocks can always be used at a later time. Select the mounting location freely by rotating into the profile groove. A slotted hole and a movable securing groove ensure a wide mounting margin.
