

Standard-fastening set 6 - ESD,
galvanized

Reference: ZP6-SZ-ESD

Consists of:
Standard connecting plate 6, St, galvanized
Button-head screw ISO 7380-M6x14, St,
galvanized
Material: St
Surface: galvanized
M = 10 Nm
m = 7.0 g

Standard-fasteners enable heavy-duty, right-angled and friction-locked connections. The standard fastener ensures a optimum force transmission and secures the connection against twisting. For assembly a supply hole $D = 5,5$ mm and a tapped hole in the core hole are required. The special design of the connector breaks the anodized layer and creates a electrically conductive connection.
