DATA SHEET

Angle clamp bracket 5

Reference: KW-5

Consists of:

Angle clamp bracket 5, GD-Zn T-slot nut 5 St M5, galvanized Hexagon socket button screw with flange M5x8,

St, galvanized Material: GD-Zn Surface: painted

Color: white aluminum RAL 9006

Telefon: +49 84 63 603 63-0

Fax: +49 84 63 603 63-11

m = 16.0 g

Angle clamp brackets allow a simple connection of two intersecting profiles. They are particularly suitable for table trays which need to be adjusted in position, height and inclination. By loosening the fixing screw, the connection becomes freely movable.
