

Castor D65 swivel, double-brake

Reference: LR-D65-DFS

Tires TPU, 94 Sh A, grey

Load capacity: 70 kg/castor

Material: PA

Color: Graphite black RAL 9011

m = 182.0 g

Swivel castors are suitable for use on frames, tables and transport trolleys. They are characterized by good unwinding behavior and a high load-bearing capacity. The tread made of TPE is resistant to most environmental influences. For easier mounting, additional orderable foot plates in different sizes are offered.
