## **DATA SHEET**

T-slot nut 8 St M3 with guiding ridge, galvanized

Reference: NS8-M3-STEG

Material: St Surface: galvanized m = 11.5 g

T-slot nuts St with guiding ridge for fastening medium-heavy components. The T-slot nuts can be swiveled into the profile groove in any position. The T-slot nut is fixed by a spring-loaded ball. The attached guiding ridge prevents the T-slot nuts from twisting in the profile groove.
