

Cap 8 40x40 screw-in, black

Reference: AK8-40x40-V

Material: PA-GF

Color: black

m = 7.0 g

Screw-in caps 8 for profile ends with anti-twist lock. Fastening is done by countersunk screws M4x16, galvanized. Screwing the cap ensures a greater strength. The cap improves the appearance, helps avoid injuries from cuts and prevents dirt from entering. The profiles cut surfaces no longer have to be deburred.
