Material: Aluminium, EN AW 6063 T66

Surface: anodized, A6, C0

Color: natural color

Cut max.: 6000 mm

Saw Cut Type A

m = 0.76 kg/m

Grip rail profiles are used for swing and sliding doors as well as for drawers and pull-outs. Furthermore, grip rail profiles have a stabilizing effect when attached to panel elements. An additionally orderable [Grip rail cap set](#) provides an improved visual appearance, helps to prevent cuts and prevents the ingress of dirt.
