

Floor mount base 150x150

Reference: PK-150x150

Material: GD-Al

Surface: bright

m = 940.0 g

The floor mount console is well-suited for vertical profiles in the constructions of safety fences. The component is designed for profiles of the series 8 40x40. Mounting to the floor and levelling is achieved simply and safely. Floor fastening sets that can be ordered separately are available for fastening.
