

Castor rail 8 40x40, slide strip ESD, black
(2 meters)

Reference: RS8-GL-ESD-S2

Material: PE-HD

Color: black

Length: 2000 mm

m = 167.0 g/m

ESD-compliant plastic slide strip suitable for castor rail 8 40x40. The slide strip can be installed in the castor rail at two different heights and is used for easy transportation of goods. The strip is also made of conductive plastic and prevents electrostatic charging. Furthermore the slide strip can be used as a cover for the roller track or as a spacer.
