

Hinge 6 30 Zn 6/6

Reference: SCH30-ZN-6/6

Consists of:

Hinge, GD-Zn, black, powder coated

2 Anti-twist locks 6, GD-Zn, black

2 Countersunk screws DIN 7991-M5x14, St,
black

Load: $F_{\max} = 300 \text{ N}$

$m = 66.0 \text{ g}$

Hinges Zn are universal hinges for flaps and doors with higher loads. Furthermore, profiles can also be connected at any angle. Integrated, asymmetrical anti-twist locks for additional fixing in the groove are attached. These can optionally be removed. The hinge has a swivel range of up to 180°.
