

Hinge 5 PA

Reference: SCH5-PA

not detachable

Material: PA-GF

Color: black

Load: $F_{\max} = 50 \text{ N}$

$m = 6.0 \text{ g}$

Hinges PA are suitable for lighter doors and flaps. They are equipped with an anti-twist lock that engages in the profile groove. Panel elements that are directly fixed with hinges PA must be machined with through holes (for processing drawing see downloads).
