Reference: SSL-ALU-3-NS

Telefon: +49 84 63 603 63-0

Fax: +49 84 63 603 63-11

Consists of: Housing aluminum, anodized 3 Plug-ins with earthing contact GST18 connections (power input and output) m = 325.0 q

The multi-socket power strip, Al (3 outlet) is a stable, industrial-suited multi-socket power strip with three Schuko sockets in the familiar look (housing natural anodized, front view in black). The multi-socket power strip is equipped with GST18 connections, which allow a maximum connected load of 16 A and 3,500 W. As an option, the multi-socket power strip can be simply screwed onto the profile groove using a separately ordered fastening set. Suitable connection cables are available as accessories.
