DATA SHEET

Varidee
Profiltechnik GmbH

Uni block 8 PA M4, black

Reference: UB-8-PA-M4

Consists of:
Base body PA-GF, black
Square nut M4, St, galvanized
m = 10.5 g

Uni blocks enable reliable fastening of any surface element to the profile groove. Uni blocks can always be used at a later time. Select the mounting location freely by rotating into the profile groove. A slotted hole and a movable securing groove ensure a wide mounting margin.
